## Distressed Area For Quad-Cities Protested

Objections to Madison county being considered a distressed area were raised Friday during a noon meeting of the Tri-City Chamber of Commerce executive board, whose members pointed out the stigma of such a classification could affect industry and tourism development here.

C. P. Chester Chester Baker said the distressed area designation was being proposed by community and area leaders.

"They want growing, improving areas."

Attending Today's Hearing

The quick meeting of the C. C. executive board was called after it was learned the Federal Economic Development Agency was meeting today in East St. Louis to begin a three-day study of

the need for St. Clair and Madison counties to be declared a distressed area. Baker is attending the meeting to voice opposition to the proposal.

The Quad-Cities in February had 531 unemployed under the unemployment compensation plan, 6.5% in East St. Louis; 7.1% in Alton; 16.9%, 6% in Belleville; 7.6%, 5.6% in Edwardsville.

A year ago in February, the insured unemployment figures were 500, 5.3%; 17.1%, Quad-Cities; 10.1%, 6% in East St. Louis; 2.3%, 9.6% in Alton; 10.9%, 10.2% in Belleville and 11.7% in Edwardsville.

"Our industries and

businesses are going at high levels and at least nine of them are in expansion," he said, adding, "I am considering the contemplated expansion at the Granite City Army Depot." Baker said.

Expansions are under way at Laclede Steel Co., A. O. Smith Corp., Reilly Tire & Chemical Corp.

"Our industries and businesses are going at high levels and at least nine of them are in expansion," he said, adding, "I am considering the contemplated expansion at the Granite City Army Depot." Baker said.

Officials from both counties are attending today's hearing at the chamber of commerce city hall, but no officials from the chamber or the C. C. executive board were invited to be included.

**Employment Low Here**

The unemployment percentage of the Quad-Cities is far under the national level set for the area as a distressed area.

The Quad-Cities with a 3.4% unemployment rating is the second lowest in the nation. Few workers covered by insurance is far under the 6% level set by the federal

## Guns Taken At Store, Home; Sneak Thieves Grab \$270

Seven revolvers and automatic pistols, valued at \$325, were stolen in a burglary at Southwick's Hardware store, 1913 State Street, Granite City, reported to police Friday morning by Frank Southwick, proprietor.

Entrance was gained by forcing a door at the aisle, and the gun display case also was forced open.

The weapons included two miniguns, .22 caliber foreign made automenes, a .32 caliber revolver and four .22 caliber revolvers both nine and 10 gauge. No ammunition was taken.

**Guns Taken From Home**

Two guns, a .22 caliber pistol and a .410 gauge shotgun, were stolen in a house burglary at the home of Rev. M. Manning, 2440 East 24th street, it was reported at 1:35 a.m. today when the Mannings returned home. There was no sign of a forced entry.

Neighbors had summoned police earlier at 12:30 and 12:50 and a report was made to the neighbors. No alarm was sounded.

**Stolen From Wallet**

A wallet containing \$165 was stolen from Coxanetera Levinson, 312 Sel Street, Saturday night. She was at the May Laundry, 16th and Grand Madison avenue. The wallet was found later in a restroom. The money was gone.

Neighbors of the green wallet apparently fell from a pocket of her slacks and was picked up by the thief. The empty wallet was found in a neighbor's wall.

A small theft made off with a brown zipper bag, containing \$106 from Brokow's service station, 12th street and Edwardsburg road. It was reported to police about 8 a.m. Sunday. There was no sign of forced entry and nothing else in the station was disturbed.

## THIS I BELIEVE

Matthew 28:18-20 does not specify the need of Repentance, Faith, water baptism (as to value), the Name of God, the promise of the Holy Spirit, and the supernatural signs that were to be done. Matthew 16:16 specifies that he who found himself sheepish, Jesus said, "Thou art Peter, and upon this rock I will build my church". Matthew 16:16 specifies the need of Faith and Water Baptism. Luke 24:47-49 specifies repentance, the Name of God, Remission of sins, and the promise of the Holy Ghost. Acts 2:1-11 specifies that except the Holy Ghost, there is nothing else that can be done at the point of being baptized in the Holy Ghost. But it is the apostle Peter's sermon on the day of Pentecost that reveals what is to be preached and taught to all nations and every creature in order to be done. **PAGE OF PENTECOST**

**EXCERPT FROM THE LAST COMMISSION** IS SUMMARIZED BY PETER AS TO WHAT SHOULD PRECEDE WATER BAPTISM, AND OF THE GIFT OF THE HOLY GHOST AFTER WATER BAPTISM. ALL THAT READING IS TO DO WITH ALL THE OTHER THINGS THAT JESUS HAD COMMANDED THEM.

The name of the SON is JESUS not SON? If the name of the SON is JESUS, what would possess any to suppose that the name of the FATHER is FATHER?

Matthew 28:19 does not give a formula of water baptism. It is a general and non specific commission to the eleven apostles who remain (Judas is dead). It is up to us to read the New Testament and determine the actual fulfillment of Jesus' Commission. To SEIZE Jesus words and place an arbitrary interpretation therupon contrary to the way the apostles understood Jesus; is a matter of no small moment. Matthew 28:19 is true, but his meaning is to do with power and intent. And we admit that the apostle construction better than those who changed the apostle construction placed upon those same words.

READ ACTS 2:38; 8:16; 10:48; 19:5; ROMANS 6:3; 4; Colossians 2:12.

## WGNU HALF WAY DERBY PARTY BIG SUCCESS

PART OF THE CROWD of over 100 representatives of Quad-Cities Women's Clubs gathered at the Rose Bowl Restaurant for a special party. News about new ways to get Derby points, prizes, special broadcast, refreshments and a get-together with the stars of the Chase Park Plaza show.

HERE, some of the club chairmen and celebrities Mickey Rooney jr. and Ted Lewis jr., gather around the big prize... a new Buick. Other prizes the clubs are shooting for include: \$2000 cash, Miami Beach vacations, 12 piece sectional living room suite and many others.

## Bohenstiehl, Germann, Westcott Also Unanimously Selected; Nunn Fifth Man

Larry Lilley, senior guard who led Granite City's Warriors in virtually every statistical department, is among four Southwestern Conference players named to the Press-Record's first annual all-conference team by a unanimous vote of the head coaches.

Other unanimous choices are all-star Rodger Bohenstiehl of Collinsville and two Belleville stars, Dells Germann and Jay Westcott. The fifth member of the first team is a unanimous selection.

All members of the first team are seniors.

Placed on the second were three players: George Terry of Alton, Ernie Johnson of East St. Louis and Jack Darlington of Collinsville, along with juniors Terry Brown of Wood River and Larry Fletcher of Alton.

Lilley averaged 20.2 points a game for the Warriors, and led in field goal shooting with 174 of 200 shots for 46% and free throws with 104 of 227 for 72%.

He also led in assists with 55 and got 10.2 rebounds per game, with 83, breaking the old mark of 71 set by Rich Williams in 1959-60. The Williams record was also passed by Vince Davis who had 123.

Surprisingly, since he played outside most of the time on both offense and defense, Lilley led the Warriors in rebounding with 12.5. He was next with 142 and Mike Rousseau had 131.

"We consider him a real outstanding offensive player," said Coach George Sullivan. "He has all the moves and an excellent style of play. He's a fine college prospect."

**Germann Defensive Whiz**

Most "all" players are selected primarily for offensive talents, but Dells Germann of the Belleville Maroons is more valuable as a defensive end, though he's just an even six-feet-inning.

He averaged 10 rebounds a game, his defensive play is so rugged that Coach Jerry Turner has often said he wouldn't have to score a single point to be one of the best players in the league. Yet, the 155-pounder fired in 50% of his field goal shots and furnish their own clubs.

Granite City joins Alton, Wood River, Collinsville and Belleville as Southwestern Conference schools participating in golf.

The new season will be expanded, Yates said. The schedule as it now stands:

## Golf Matches Scheduled By Granite City

Golf is being revived as a school sport at Granite City high school — more than 10 years have indicated they will try for the squad.

The school board delayed a return to the sport, tried previously without success at the school, last week. The coach will be Harry Lane, a mathematics instructor at Granite City.

Athletic Director Dick Yates said, through the cooperation of Col. John M. Ansley, the school will hold practices and home meets at the Granite City Depot course.

He said high school golfers will be permitted to use the course, which is graded at 50 yards instead of the usual 81 and may use the driving range at one cent per ball. Golfers must furnish their own clubs.

Joe Hiles Wins Shot

## GC Soph Shatters School Vault Record

Sophomore Dovine Bridges pole vaulting in his first high school track meet, smashed the record set by the school in the event during the St. Louis Open Friday at the St. Louis Armory.

Bridges vaulted an even 12 feet, surpassing the old mark of 11 feet, 7 1/4 inches set in 1957 by Tom Skubish. The effort placed Bridges third in the event.

The winning height was 12 feet, 4 inches by Jim Jordan of Alton. Otto Hall, also of Alton, was second.

Joe Hiles, the Warriors' weightman, won the shot put with a heave of 54 feet, 6 1/2 inches. Jerry Line, half inch short of Hiles' school record established last season.

Hiles' first and Bridges' third gave both Jim Morrison were the day's top winners in the 10th place finish in the meet. Pacing the 25 competing schools was St. Louis Beaumont with 40 points.

**Alton Third**

Next in order were: Soldan 26, Alton 24 1/2, Lincoln of East St. Louis 21, Vashon 20, South West 13, East St. Louis 12, Granite City 8, Roosevelt and McKinley tied with 4, Freeborn 2, Moline 1, and Clinton and Waukegan 0.

Only one winner in the meet was Beaumont's Arnold Wiley who won the 60-yard high hurdles in 7.5 and the 60-yard dash.

"Overall, we got a good effort from the kids," said Morrison. "I think a lot of them are growing fast. We have three more meets and some of the kids had to wait seven, seven and a half hours before they ran. This year we take 'em over in waves."

Morrison was referring to a

## Luckert Totals 746 At Bowland

The high series totals at Bowland continue to be hot, heavy and high.

Last week KI Bayer fired a 785 total in what may be the highest game ever in Quad-City amateur history. Then last Friday Robert Luckert racked up a 746, second highest of the season at Bowland.

Luckert had singles of 269, 257 and 220.

## Swamp Angels Win 22 Swimming Medals In 'Y' Girls Meet

The YMCA Swamp Angels swimmers won 22 medals at the Illinois YMCA District IV swimming meet Saturday at Quincy.

All the medal winners qualified for the state meet Saturday at Evanston. The team is coached by Fred McColligan.

First place winners were Luannie Calvert, 11, in the 11-12 age division, and Karen Calvert, 16, 10-year-old individual medley and 10-year-old butterfly.

The other open day games place Collinsville at Alton and Maryville at Pocahontas.

The team will play other three times with the schedule ending Sept. 7.

At a meeting of the league yesterday, Perryville was selected as the site for the July 5 all-star game. The complete league schedule will be released April 7, according to President Vernon Jones.

Two managerial changes were announced with Ralph Turley

replacing Joe Scott as the Troy pilot and Preston Smith taking over the coaching duties.

The park district will be known as Pocahontas skipper.

Williams Morris of Granite

## Post Office Economics To Have Effect Here

Effects of a U. S. Post Office department order calling for a cut of an additional 3100 postal jobs and cancellation of several post offices have been determined at post offices in the Quad-Cities postmasters said today.

The post office department is expected to save an additional \$12.7 million during the 1963 fiscal year starting July 1.

Theodore Overbeck, Granite City postmaster, said "they are putting the pressure on us but the pressure is growing and I don't see how we can have a cut."

Harry Johnson, Madison postmaster, said he hasn't been told yet to make adjustments and added he will make a survey to see where "I can cut down man hours. He said it was suggested he could save 100 man hours on Saturday by combining window services and close on light days or afternoons.

Johnson said he has been told to reduce delivery service on certain post routes from six to five days, reducing some window services, reduced maintenance services, consolidate regional services, accounting and data processing.

GRANITE CITY PRESS-RECORD

MARCH 17, 1914

The Madison county organization of the Women's Christian Temperance Union is in annual session at Troy. The session has been opened.

According to the arranged program the meeting will be adjourned this evening. Mrs. M. Butler and Mrs. C. Foiles, both of Granite City, are in attendance.

In the town of Edwardsville Judge W. H. Bradley charged the grand jury for March with an investigation of public buildings in Madison county, located in the eastern part of the state, in regard to the amount of land relative to danger of loss of fire from fire.

The court recommended a general inspection of the large buildings by the commissioners in the township and said it expected the grand jury to make

the investigation thorough even though the body remained in session six weeks.

All voters of townships of Illinois counties, according to the provisions of the Tie road law, will pay \$1 to \$3 annually, and including this year, the money to be turned into the road fund.

The residents or voters outside the cities or towns with to avoid the tax they must petition the township clerk to have the assessment removed.

The spring election, a vote for or against the collections of the tax.

There will be a charity concert given by McKinley school March 24 to benefit the children in the township to buy shoes and clothes for their help.

Events have been completed for the 25th anniversary celebration of the Granite City Optimist club which will be held tonight at the YMCA, it was announced by Ralph E. Rakestraw, president.

The event will open with a dinner at 6:30 p.m. followed by an address by George Andrews, the former Princeton College on "An Unpopular View on World Affairs."

An Americanization program will be given next Tuesday, March 21, at the American Legion Home, 24th street and Madison avenue, under the auspices of the Legion. The public is invited to attend.

Judge Wesley Pender will deliver the principal address and the meeting will end in a social hour.

Miss Helen Bandt, Granite City, was honored at Lindenwood College by appointment to its Gamma Mu national honorary social science society. This distinction is a particular merit as it includes several members of the family.

Miss Pauline Keehner, another Granite City student at Lindenwood sang two beautiful solo's at a recent student recital in Shirley Hall. The solo's were "Plaisir D'amour" by Martini, and Klemm's "Southern Serenade."

Mrs. John Appel of Grand Haven left Wednesday evening for Wednesdays afternoon entertainment members of her piano club.

The hostess held the high score of the afternoon, Mrs. Fred Albers was second and Charles Albers third.

Miss Julia Pitchford, 2107 Cleveland Blvd., a member of the Northwest University students in the cast of "Guess Again," annual student musical production which will be presented at the National College Education Theatre in Evanston, March 14-18.

Miss Pitchford is a sophomore in the school speech class and is in the speech team. She is playing the role of Patricia Lea in the musical production.

Members of the Granite City DeMolay Chapter will attend the First Presbyterian Church in a body 11 a.m. next Sunday. There will be special music and a sermon on "Excuses" by the pastor, Dr. A. Ralph Lynn.

Mrs. Roy Johnson, Mitchell, entertained in her home this week her mother, who is a resident of Iberia, Mo.

Mrs. Florence Jackson of St. Louis will speak on the "Customs and the Indians" tomorrow evening during a Parent-Teachers meeting at Mitchell school.

Mrs. A. J. Richards, acting in the absence of the president, Mrs. Pfleiderer, was in charge of a joint meeting of the St. Louis School Mothers club and West End nursery afternoon in the ladies parlor of the YMCA.

Miss Red Eagle of the Sioux tribe will speak on the "Customs and the Indians" tomorrow evening during a Parent-Teachers meeting at Mitchell school.

Mr. and Mrs. Harry Clark and Mrs. Roy Johnson, Mitchell, were two new members admitted to the club and the remainder of the afternoon was spent in playing games. The annual Prizes were given by Mrs. Agnes Garin and Mrs. Irene Brooks.

## A Philosophy Of Poverty

(Wall Street Journal)

An underlying theme in much of the discussion of poverty is that society, particularly in economic organizations, is the real villain. In other words, all of us are jointly responsible for the plight of the poor.

It is this attitude that is central to President Johnson's proposed war on poverty; government action is reasoned, must make up for what society fails to do.

Whatever may be thought of the president's specific recommendations, this notion of collective responsibility is a basic historical and world-wide concept.

It has been bad history because almost all of us are up from poverty and almost none of our forebears considered it anybody's duty to help the poor.

The pioneer was poor; so was the Irish or Negro slave. Sometimes a more fortunate person helped a less fortunate one; sometimes not.

For a long time America as a nation was poor; underdeveloped as they say today.

### Hard Words, Freedom

What a tattered, transformed general poverty we have today! It was neither a collective guilt complex nor government. It was a lot of individual hard work and a great deal of freedom to move and act and grow.

"Freedom" to move not only over the land but also upward as far as ability would carry; freedom to tinker, to invent or

### Expanded Opportunities

In more recent history the point hardly needs laboring. For one example, the work of a Henry Ford, who was not only a genius but also a hard worker, could not have been done without the support of a whole nation.

The point is that a free economy and society expands the opportunities for all its members.

### A 'Privilege' Even Mobile Home Residents Should

A monthly tax for the privilege of using a trailer as a residence is one of the soundest proposals to be aired at current hearings of the Illinois County Problem Commission. Since they utilize local-level governmental services, including schools, local governments have suffered because revenues derived from the property tax on such homes have not kept pace with the costs of services provided.

Records of the Illinois Public Health Department disclose more than 25,000 parking spaces in mobile home parks, including 9,800 in Cook county. As is pointed out by the Taxpayers' Federation of Illinois, "Local governments have suffered because revenues derived from the property tax on such homes have not kept pace with the costs of services provided."

The plan is not new; a \$5 monthly privilege tax passed the Illinois Senate in 1959 and lost in the House. But school, city, park, township, levee and county budgets have been rising. And the number of trailer homes also has been increasing, compounding the problem.

To solve possible collection problems, such a tax should be given serious thought in the 1964 state legislative session. Everyone ought to have the "privilege" of helping pay for the governmental programs that benefit him.

### Area Preparing To Earn Bigger Share Of Growing Tourist Trade

Twenty-four tourists a day equal an industry with a \$100,000 annual payroll.

Braden of the Illinois Board of Economic Development helps explain why there is so much interest locally and throughout the nation in encouraging tourism.

It is a substantial factor in the economy of any area which can be developed to still greater heights through imaginative promotion and hospitable practices.

Already, local organizations are beginning to take steps toward playing host at district and regional meetings. Industrial visitors are being made aware of the existence of excellent accommodations in the Quad-City area. Efforts are being made to obtain more signs, lighting at local interstate highway tunnels. Cross-promotion is given to making existing tourist attractions better known and more easily found. And an extensive publicity and advertising program spotlighting "Illinois Expedition Land" is about to be launched.

Expansion of both the population and the amount of leisure time means that tourist trade is certain to grow in volume. Indications are that the Quad-City area will be ready to claim its share.

### School Air-Conditioning Recommended

Partial text of an editorial in the Alton Telegraph:

"The addition of the (Alton high school) annex would be an excellent idea. Responses to summer courses in Giesen Brown schools have been growing since Eunice Smith has similar facilities to offer, and expansion of air-conditioning to the high school annex could give the system considerably more summer class capacity."

This could meet the district would be in a position to offer additional classes in a 12-month program if and when the legislature permitted to make needed changes in its school aid plan. And even modified 12-month school would be a tremendous advance in extending capacities of existing school plants.

The 12-month program would increase the total student's pupil capacity by one-third what it already is.

If the system committed itself to this program, of course, the easiest approach would be to avoid going at it "whole hog" and working into it as enrollment increases required. This would keep it on a possible voluntary basis until the added capacity began to approach saturation point once again.

There are many advantages to year-around school with staggered nine-month terms, as the Press-Record has been pointing out since 1953, year of the first major bond issue of the past decade. Among the advantages are full use of millions of dollars of school property available idle 200 days of the year; reduction of cost of construction; continuous, full-time employment for facilities due to four vacation periods a year; lesser adverse impact on employers by being able to stagger vacations of employees year-round, many of whom prefer vacations other than in the summer months, and possible acceleration of educational opportunities for students who desire it.

Your representative owes you not his industry only, but his judgment; and he betrays you instead of serving you if he sacrifices it to your opinion.

—Edmund Burke, Nov. 5, 1774

There is no such thing as "freedom" for the individual; freedom is a social good, not a personal one, consisting of a right relationship between persons: Robinson Crusoe had no freedom.—Sweeney J. Harris.

Most of us can find an excellent reason for doing what we want to do when we want to do it.
